

Weekly Report

Lin Bingru

2018.12.03 – 2018.12.09

Practices

- Find out why filtering users make little difference to the summary view of the scatterplot perception project. Add labels to cluster-based dataset.
- Pinpoint location of STP using LAC and CI of the global telecommunication network project.
- Learn *Visualization Analysis & Design*.

Future Work

- Continue working on the scatterplot perception project.
- Try to use Neo4j to do data wrangling with ISTP data.
